WHEREAS, the Marietta City School District Board of Education has a need to adopt the Board Policy: File: IGDJA (Drug Testing of Students In Interscholastic Athletics); therefore

BE IT RESOLVED, by the Marietta City School District Board of Education, that the following board policy be approved as submitted.

File: IGDJA

DRUG TESTING OF STUDENTS IN INTERSCHOLASTIC ATHLETICS

Purpose

The Board believes that athletic and other extracurricular activities can be an important aspect of a student's overall educational experience. The Board believes that the experiences gained while involved in athletic or other extracurricular activities can have lifelong impact. Student participation in athletic and other extracurricular activities; however, is a privilege and not a right.

The Board is certainly aware of the pressure that the youth of today face especially in the area of drugs and alcohol. It also realizes that due to the nature of athletic or other extracurricular activities the use of drugs and/or alcohol can lead to added risks including injury to the participant and others.

This policy governs participants in Required Testing Activities. "Required Testing Activities" (RTAs) are extracurricular activities that are subject to this testing policy and include football, girls soccer, boys soccer, girls cross country, boys cross country, girls tennis, girls golf, boys golf, cheerleading, girls basketball, boys basketball, swimming, wrestling, baseball, softball, girls track, boys track, crew, volleyball and boys tennis. The list of extracurricular activities included in the definition of "Required Testing Activities" may be amended by the Board.

The following expectations and consequences are in effect for participants in RTAs and are enforced for twelve (12) months of the year. The consequences in certain situations may carry over to the next season of participation.

This policy outlines the procedure for mandatory and random testing of all participants in RTAs in the Marietta City School District. This policy is not intended to affect or restrict Marietta City School District's authority to perform drug tests to determine use of prohibited substances upon individualized "reasonable suspicion" for any student, regardless of whether they participate in a performance activity.

Overview

The Board of Education realizes that the use of illegal drugs and alcohol by a student poses a threat to their own health and safety, as well as to that of other students. The purpose of this program is as follows:

1. To promote the health and safety of all students.
2. To undermine the effects of negative peer pressure by providing a legitimate reason for students to refuse the use of illegal drugs and alcohol.
3. To encourage students who use illegal drugs and/or alcohol to participate in applicable treatment programs.
4. To prevent the negative impact illegal drugs and alcohol have on the learning centers of the brain and allow students to achieve their full academic potential.

Students Tested

All students who wish to participate in the Required Testing Activities in the Marietta City School District are subject to mandatory urine drug testing. Participants must take one (1) mandatory test at the beginning of the first RTA in which they participate in each academic year.

Following the initial test, participants may be tested on a random selection basis, or may be tested based on reasonable suspicion. Random urine drug testing continues throughout the academic year.

Any student moving into the District or any participant joining a Required Testing Activity who was not previously tested by the district during the academic year shall be tested as a prerequisite to participating in a Required Testing Activity.
