The PAL category is designed for businesses/organizations that desire to work with the whole school district in various ways. The purpose of such a partnership is to allow a business to offer its resources for the benefit of the education system in its entirety or multiple schools within the school system.

PAL expectations:

Business: The business or organization that enters into a Partner at Large agreement with Marietta City Schools agrees to have an assigned contact person that can be communicated with on a regular basis. They also agree to follow through with whatever activities/partnership plans are created with the district. A PAL Community Partner Information form will be completed yearly to officially renew the relationship. This gives both parties the opportunity to opt-out of the partnership and to re-vamp the chosen activities/partnership plans.

Business contact person (Name and phone #): _____

Authorizing Individual (Can be the same as the contact): _____

Date: _____

Marietta City Schools: MCS agrees to have a signing ceremony for first time PALs or a signing recognition for continuing PALs on a yearly basis. This is to ensure that PAL data banks are up to date. Positive interactions that occur throughout the year will be communicated to business PALs. This information will be used to promote the program and the work of the school district.
