

PFI Customer Login

PayForIt.net is an online web-based payment system that provides wide flexibility to both parents and schools managing lunch accounts, fees, activities, registrations and after school programs for your student(s).

The functions that parents have access to depend on which functions the school district has chosen to implement. Districts can utilize one or all the offerings in the PayForIt.net system (with the offerings being: lunch accounts, fees, activities, registrations and after school programs).
